Dear Mr Harrison

Subject – Francis Construction Ltd application for CHAS Assessment

I am pleased to inform you that I have now completed my assessment of your submission.

Your application is registered as “Compliant” in the CHAS scheme national database.

You should not take compliance as a right of entry to clients select or preferred list as there may be other stages involved. Our client users have the right to ask for further additional job specific H&S information on application, especially at invitation to tender.

We do not issue a certificate of compliance as this could, in some circumstances lead to abuse of our copyright and lost revenue. You are welcome to tell clients you have been assessed as compliant by CHAS but they will need to seek confirmation through the scheme manager.

If you would like your company to become an “Accredited” contractor or consultant and hold a Certificate of Accreditation with license to use our CHAS logo on your livery and stationery or access to your database page, please go to <http://www.chas.gov.uk/Accreditation.asp> for more information and the one page accreditation application form.

(Please note accreditation requires a commitment to a full annual assessment).

One of the aims of our scheme is to reduce unnecessary duplication. In the event your company is asked to complete a CHAS or similar questionnaire by one of our client users (there is a list of them on our web site) please contact them before completing the application to seek information as to why it is required.

Please visit the CHAS web site for any further information about our scheme.

Yours sincerely

Joe Laughlin
CHAS Scheme Accredited Assessor.
