

Bradfield College

Reading, Berkshire

Client: Bradfield College

Form of Contract: JCT Intermediate Building with CD

Duration: 18 weeks

Value: £500k

Case Study

The project comprised a single storey extension and reconfiguration of the existing space to provide a new open plan common room and study areas.

Works included all new finishes, flooring and feature joinery.

The existing three storey building remained fully occupied throughout the duration of the construction works, with close liaison with Bradfield College staff, students and professional team.
